

FRIDAY, MAY 30th 2014

At the Convention Center of Coimbra University Hospitals

SESSION I

The HPB Topics

Chairmen > F. Castro Sousa (Coimbra), J. Rebelo de Andrade (Lisboa), J. Falcão (Braga)

08:30 The modalities of discovery in Liver Surgery
H. Bismuth (Villejuif)

08:50 Rational use of Clampings during Hepatectomies
O. Andriani (Buenos Aires)

09:10 Liver MRI: A quest for Function Information
F. Caseiro Alves (Coimbra)

09:30 MARS in Hepatic Surgery
E. Varo (Santiago de Compostela)

09:50 From Experimental Research to Clinical Applications In Hepatic Surgery
J.G Tralhão (Coimbra)

10:10 Financial Costs of Liver Surgery
P.Mira (Cascais)

SESSION II (a)

Liver Tumors

Chairmen > L. Chiche (Bordeaux), A. C. Saraiva (Porto), J. Araújo Teixeira (Porto)

10:20 Micro Vascular Invasion and Tumor Volume as Prognostic Factors in HCC Surgical Treatment
F. Castro Sousa (Coimbra)

10:40 Sorafenib in Advanced Hepatocellular Carcinoma and Beyond
A. Simão (Coimbra)

11:00-11:20 Coffee Break

OPENING CEREMONY

SESSION II (b)

Liver Tumors

Chairmen > L. Chiche (Bordeaux), A. C. Saraiva (Porto), J. Araújo Teixeira (Porto)

11:40 Revisiting treatment modalities of HCC according to viral origin
J. Krissat (London, UK)

12:00 Hepatic adenomas: which classification and which treatment?
L. Chiche (Bordeaux)

SESSION III (a)

Liver Metastases

Chairmen > G. Mentha (Geneva), C. Costa Almeida (Coimbra)

12:20 How to achieve precision liver surgery in the treatment of colorectal liver metastases.
Lessons from 1200 hepatectomies
E. Barroso (Lisbon)

12:40 Synchronous Colorectal Liver Metastases: Different Strategies, Same Results?
J.Costa Maia (Porto)

13:00 Liver resection for multiple 7 colorectal liver metastases
G. Mentha (Geneva)

13:20 Pathological Evaluation of Neoadjuvant Therapy for CRLM? Friend or Foe?
A. Cipriano (Coimbra)

13:40-15:00 Lunch

SESSION III (b)

Liver Metastases

Chairmen > G. Mentha (Geneva), C. Costa Almeida (Coimbra)

15:00 How I see the future of treatment of CR Metastases
R. Adam (Villejuif)

15:20 Treatment of Non Colorectal Liver Metastases: Lessons from a Growing Experience
H. Alexandrino (Coimbra)

SESSION IV

Liver Transplantation for malignancies

Chairmen > J. Lerut (Brussel), Rui Maio (Lisboa)

15:40 Role of Loco Regional Adjuvant Therapy in Transplantation for HCC
E. Furtado (Coimbra)

16:00 Early liver transplantation in HCC reduces survival
J. Emond (New York)

16:20 Liver transplantation and HCC: new insights
J. Lerut (Brussel)

16:40 De novo malignancies after liver transplantation
K. Zieniewicz (Warsaw)

17:00-18:00 Liver Transplantation for CR Metastases
- Swiss Investigative Program > G. Mentha (Geneva)
- French Investigative Program > R. Adam (Villejuif)

Discussion

19:30 WELCOME DINNER

SATURDAY, MAY 31st 2014

SESSION V

Liver Transplantation

Chairmen > J. Emond (New York), Jorge Daniel (Porto)

08:30 Liver transplantation in children with less than 10 kgs
M. Ciardullo (Buenos Aires)

08:50 Metabolic syndrome and liver transplantation
J. Gugenheim (Nice)

09:10 Unusual Indications for Hepatic Transplantation
E. Moreno Gonzalez (Madrid)

09:30 Early and Late Biliary Complications After Living and Deceased Donor
Liver Transplantation (A series of 500 LT)
I. Astarcioglu (Izmir)

09:50 Evaluating Multidisciplinary Meeting Performance in HBP Oncology: An Ongoing Quality
Assurance Project
L. Graça (Porto)

10:10-10:40 Coffee Break

SESSION VI

Pancreas

Chairmen > R. Lapointe (Montréal), Paulo Costa (Lisboa), Gil Gonçalves (Feira)

10:40 Our Experience with Treatment of Cystic Pancreatic Tumors
D. Sousa Silva (Porto)

11:00 Surgical Differences Between Open and Laparoscopic Pancreatectomy
L. Fernandez Cruz (Barcelona)

11:20 Laparoscopic Surgery of the Pancreas
A. Kalil (Porto Alegre)

11:40 Spleen preserving laparoscopic pancreatectomy and intraoperative decision making
B. Navez (Brussel)

SESSION VII

Pancreas and Biliary

Chairmen > E. Barroso (Lisboa), Maciel Barbosa (Gaia), Jaime Vilaça (Porto)

12:00 Endoscopic Necrosectomy In Acute Pancreatitis
N. Almeida (Coimbra)

12:20 Surgery in Severe Acute Pancreatitis
F. Oliveira Martins (Lisbon)

12:40 Iatrogenic Lesions of the Biliary Tract: Lessons Learned from a Single Center Experience
B. Costa (Coimbra)

13:00 Surgical treatment of iatrogenic lesions of the main bile duct - experience of the Curry Cabral centre
J.P. Pereira (Lisbon)

13:20 The role of portal vein resection in the surgical treatment of Klatskin tumors
H.Marques (Lisbon)

13:40-15:00 Lunch

SESSION VIII

HPB Surgery: From the past to the future

Chairmen > Henri Bismuth (Villejuif), H. Bicha Castelo (Lisboa), FJ Oliveira(Coimbra)

15:00 What is new in innovation?
P. Majno (Geneva)

15:30 Innovations in Hepatic Surgery: New ideas about the old concepts
O. Andriani (Buenos Aires)

16:00 Bioengineered Liver: how it may change Liver Surgery and Liver Transplantation
D. Franco (Clamart)

16:30 The Surgeon: Myth or reality
O. Farges (Clichy)

17:00 Closing
